

BREEAM is a leading sustainability assessment method for master-planning projects, infrastructure and buildings, third party certifying the assessment of an asset's environmental, social and economic sustainability performance. BREEAM rated developments are recognised as sustainable environments that enhance the wellbeing of the people who live and work in them. Our products can help your project achieve a BREEAM rating.

**BREEAM new construction**

Category	Assessment issue	Credit	Contribution of Autex Acoustics
Health and wellbeing	Hea 02 Indoor air quality	Emissions from construction products	Low VOC and formaldehyde emissions and will not contribute to poor indoor air quality.
	Hea 05 Acoustic performance	Acoustic performance (room acoustics)	Highly sound absorptive products, reducing reverberation time, supporting concentration, and increasing speech intelligibility.
Materials	Mat 02 Environmental impacts – EPD	Products with a recognised EPD	With Environmental Product Declarations (EPDs) that are product-specific, ISO 14025 and EN 15804 compliant, and contain information on the product's life cycle and environmental impacts. EPDs have been verified and critically reviewed by an external party, providing assurance that the life cycle information shown are accurate.
	Mat 03 Responsible sourcing of products	Responsible sourcing certification	Robust ISO 14001 certified Environmental Management System in place to effectively manage and mitigate environmental risks in supply chain and manufacturing processes.
	Mat 06 Material efficiency	Achieving material efficiency	Made of 100% PET, a portion of which is post-consumer recycled PET (from PET bottle flakes).
Waste	Wst 06 Design for disassembly and adaptability	Durability	Embodied carbon in products can be offset using certified carbon credits.
Innovation	Inn 01 Innovation	Exemplary level of performance in existing BREEAM issues	VOC emissions are way below the thresholds set under this scheme and meet exemplary level of performance.

## BREEAM non-domestic fit-out
